**ORGANIC WASTE**

WHAT TIME ?  
WHERE ?

Waste must be placed outside between 10:00 p.m. and 12:00 a.m. on the day before collection and must include only the types of waste specified in the collection calendar. It is mandatory to place the waste outside the residence and not to abandon it in other locations. All bags must be secured inside lidded containers to deter wildlife and prevent littering. Violators will be reported to the competent authorities.

IF THE WASTE DOES NOT COMPLY WITH THE COLLECTION CALENDAR, A FIRST NOTICE OF "NON-COMPLIANT WASTE" WILL BE ISSUED AND THE WASTE WILL NOT BE COLLECTED. REPEATED VIOLATIONS WILL BE REPORTED TO THE COMPETENT AUTHORITIES.

## THINK OUTSIDE THE BIN: REDUCE – REUSE – RECYCLE HOW TO DO PROPER WASTE SEPARATION

### SEPARATE THE TYPES

Sort your waste correctly, also separating packaging made from multiple materials.

### REMOVE ANY RESIDUES

Remove food scraps and residues from packaging and containers.

### FLATTEN THE CONTAINERS

Crush plastic bottles, Tetra Pak cartons, and metal containers, and fold cardboard boxes.

### DISPOSE IN THE CORRECT FRACTION

Place your sorted waste in the appropriate container or bag.

## WHY SORT YOUR WASTE?

- The more you separate, the less you pay
- Collection takes place right outside your home
- Protect the environment for a better world

Love your territory and the nature around you... a small effort for a great result!

### ATTENTION!

Never abandon waste:

Abandoning waste is a criminal offense in Italy, under Article 255 of Legislative Decree 152/2006. The penalty for abandoning waste is a fine ranging from €1,000 to €10,000.

The penalty can be increased up to double if the waste is hazardous.
